

NEVEGAL K1010

ENDLESS POSSIBILITIES

WHAT'S NEW

» The classic Nevegal is now available with the DH-DTC compound on the LGC casing for maximum protection and speed for Enduro bikes.

Endless possibilities

The ultimate tire for all conditions, loose or hard-pack, rocky or slick. One of the key features of this legendary tires is the unmatched sense of control and predictability.

Rider profile

Love Freeride? The Nevegal is the perfect companion for your next Enduro race or technical trail riding with your friends.

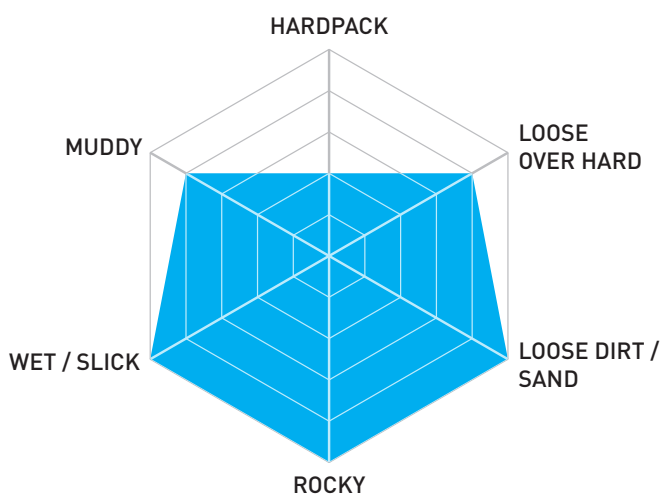

HIGHLIGHTS

- » **Grip** - Bigger and more spaced out knobs than the Nevegal X, the Nevegal digs deeper into the ground.
- » **Sturdy or light?** Choose between a 2-ply construction and Stick-E or RSR rubber for heavier use, or a lightweight single-ply casing and DTC compound for reduced weight.
- » **Tubeless ready** - Saves weight and provides a better rolling performance. Riding tubeless also means riding flat free.
- » **Large selection** - Nevegal Pro is available in 26", 29" and 27.5", in different widths and different protection levels. A size for every riding style.

TIBOR SIMAI
BRAND AMBASSADOR

"I like to run the Nevegal as a rear tire on my enduro bike. Lots of profile and a slightly harder compound than the Honey Badger DH to skid to skid into the turns at full speed. I love to hammer scandinavian flicks with these tires!"
