

VALKYRIE K1160X

THE ROAD IS YOUR BATTLEFIELD

WHAT'S NEW

» The Valkyrie highlights multiple new technologies for Kenda. From the design to the compounds and casings, everything about this next generation of tires was rethought and redesigned.

The road is your battlefield

The Valkyrie is Kenda's all new high performance road tire - fast, reliable and light. It offers excellent rolling resistance, superior wet and dry grip and a very high level of puncture resistance.

Rider profile

Good is never good enough for you. You expect the highest levels of quality and performance while maintaining practical levels of durability and flat resistance.

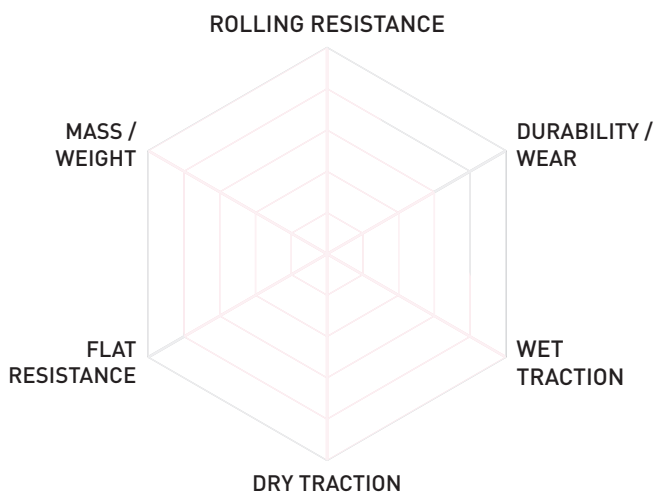

HIGHLIGHTS

- » **World-class rolling resistance** - the Valkyrie is our fastest rolling road clincher.
- » **Professional level grip**
- » **Flat resistant** - This tire is protected by K-Armor for state of the art puncture protection.
- » **Be seen** - Reflective hot patch for better nighttime visibility, clincher version only.

LOIC CHETOUT
TEAM COFIDIS

"The Valkyrie is our first choice race tire. The grip that it generates in dry and even wet conditions is amazing. A durability and adhesion rarely equaled."
